As stated on the PTO Web site:

"The domestic priority box was removed from the declaration forms because it is not required by the statutes or by the related rules to state a domestic priority claim in the declaration. The presence of this box created confusion, and may have caused unnecessary objections to declarations when this box was not filled out and applicant was indeed claiming domestic priority to another application. To claim domestic priority under 35 U.S.C. 119(e)1 and 1202, applicant must comply with 37 CFR 1.78 which requires, in part, that the priority claim information be in either the first line of the specification or in an application data sheet."
